# tools for fighting germs

at home, in the office, or on the go. keep fighting the good fight

# TouchTool and TouchTool Pro

TouchTool and TouchTool Pro are designed to keep your hands from touching common public surfaces to reduce the transmission of germs. Don't touch it! Let the tool open doors, push buttons and do the dirty work for you. Available in plastic or antimicrobial brass.

TouchTool (plastic full color imprint) | TouchTool Pro (brass, laser etch)

*\* Availability, styles, and pricing regularly change. Please inquire with our team to confirm. Prepayment may be required for all PPE orders.*

Don't Touch it!  
**TouchTool it.**

**TouchTool**

Reduce Exposure to Germs

### Pull it

Use the TouchTool to open doors and avoid unnecessary contact with public door handles.

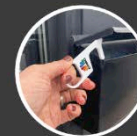

### Pin it

Use the TouchTool to enter pins or make small selections like those at the gas pump.

### Push it

Use the TouchTool to keypads, elevator buttons, crosswalks, and public transit kiosks.

### Lift it

Use the TouchTool to lift things that you don't want to touch. Lift open the mailbox.

### Turn it

Use the TouchTool to turn latches and locks; especially those in public bathrooms.

### Hook it

When in doubt, use the TouchTool as a hook to carry things like grocery or takeout bags.

# TouchTool with Stylus Tip

TouchTool with stylus tip works with touch screens in addition to push buttons, open doors and more. Keep your hands germ free and the let this tool do the dirty work for you. Coated in naturally germ-resistant copper with silicon tip. Laser engraved.

**PATENT PENDING**

# ChargeWorks UV Sanitizer & Qi Charger

According to scientific studies, cell phones have 18 times more bacteria than a public restroom (#gross). Using the cleansing power of UV light, the ChargeWorx box both cleans and charges your device at the same time. It holds up to 6.9" phones as well as smaller items such as ear buds, keys, jewelry, and credit cards. Simply close the box to power on. 5 minutes later, germs are gone. 10W wireless charging pad with type C port to connect to power source.

Brandable on 1 side.  
Low minimum order quantity.

# PhoneSoap® 3.0 UV Sanitizer

According to scientific studies, cell phones have 18 times more bacteria than a public restroom (#gross). Using the cleansing power of UV light, PhoneSoap is designed to sanitize any phone while it charges. It can even fit and clean smaller items such as keys, jewelry, or credit cards! Utilize the large imprint space to share your message, not the mess.

As seen on SharkTank and proven on MythBusters.

Currently on back order.

\* Availability, styles, and pricing regularly change. Please inquire with our team to confirm. Prepayment may be required for all PPe orders.

# Micro UV Light

Personal UV Light goes everywhere you go. Plus you can sanitize glasses, readers, and other bulkier items that don't find inside a UV Light Box. Comes with a 3 tip cable that is ready to attach to a phone or other power source.

Easy to use. Turn on the light and hold for 30 seconds in each location. Depending on size of what you're cleaning, this UV light may need to be moved to multiple locations to clean the entire piece.

Includes 1 to full color process imprint.

# UV Sanitizing Wand

Clean large surfaces quickly with this UV Sanitizing Wand. Kills 99.9% of germs including viruses, bacteria, and mold. Lightweight and hand held. Ideal for work and home use.
